CAREER OBJECTIVE

To apply my 1-year experience as a dedicated Data Analyst in a fast-paced and detail-oriented environment. Leveraging my proficiency in data tools and my commitment to precision, I seek to contribute significantly to an organization's data-driven objectives. My career objective is to further develop my skills in data management and analysis, while actively supporting data-driven decision-making, thereby advancing both personal and organizational growth.

Sri Chaitanya Jr College (2016-2018)

Intermediate - Mathematics, Physics, Chemistry (MPC)

Aggregate: **96.5%**

Bhashyam [EM] High School, Eluru (2016)

Secondary School Certificate (SSC)

GPA: **9.8**

LICENSES & CERTIFICATIONS

Associate Reactive Web Developer- Outsystems

Microsoft Azure AZ-900- Microsoft

Microsoft Azure AI-900- Microsoft

Introduction to Data Science - Cisco

ACADEMIC PROJECTS

Automatic text summarization using NLP (Main Project)

This project deals with the design of Machine learning modal that uses the architecture of recurrent neural networks. This emphasizes the wide use of ML that makes our daily tasks easier. In this project made a model that takes the documents of texts and summarize the entire concept into smaller gist that gives the entire insight of the document.

Library Management System (Mini Project)

I have done this project in my 2nd year of B-tech. In this project I used the power of SQL and python to develop a simple LMS that keeps track of quantity of books available, issue and return data of books.

WORKSHOPS

- o Attended **Web Development workshop** conducted in “Ramachandra College of Engineering”, Eluru.

SKILLS

- o Proficient in programming languages: **C, Python, JAVA**
- o Solid foundation in **HTML, CSS, JAVASCRIPT REACTJS**
- o Familiarity with **MS Excel, MS Word, Power Bi**
- o Excellent problem-solving and analytical skills
- o Effective communication and teamwork abilities
- o Ability to adapt to new technologies and learn quickly

HOBBIES

- o Playing Badminton
- o Watching movies

LANGUAGES

- English
- Hindi
- Telugu

WORK EXPERIENCE

- Associate Software Engineer at Hexaware Technologies (Chennai) March-2022 - May -2023 (14 months)
